

Dear Parent,

There will be a **meeting for students** who are enrolled in Drivers Education for the summer of 2025 on **February 26th at 10:30am**. The student needs to bring **an empty one inch three ring binder (which will be used for Drivers Education class only) and a pencil and pen**. **If the student has a permit or license please bring it also**. All students' enrolled need to be present. If the student cannot be present please contact me so other arrangements can be made.

There will be a **meeting for the student and the parent or guardian** of the student at **5:30pm on February 26th in the auditorium**. Please bring the notebook with the paperwork that was handed out during the student meeting earlier in the day. It is very important that a parent or guardian is present. All information for the course will be discussed. Please contact me at ppitko@eurekausd389.net if this is not possible.

I have addressed all students enrolled with the fact that they have to write neat on all documents so it can be clearly read by the state. I also wanted to inform all parents that the students were given a questionnaire at the meeting. On that questionnaire was a question asking if they would prefer the morning class 7:30-9:30am or the afternoon class 12:30-2:30pm. They were also told that if enrollment is low there will only be one class offered. I will not know this until the end of February after everyone enrolls but wanted to make sure they had informed you of such. It will be announced at the meeting on February 26th.

Just for your information, I have asked all students who have enrolled in Drivers Education to join "The Drivers Education Google Classroom". I have sent all students an invite to join but not all students have accepted the invite. I will be sending all reminders, announcement and changes via google classroom and to their school email address. They need to be checking both daily and will be held responsible for what announcements are posted. If your students Drivers Education payment is on a payment plan please make your payments by that time. If you have any questions please don't hesitate to email me.

Thank you

Mrs. Pitko
Drivers Education Instructor
