

## SAFE RETURN TO SCHOOL PLAN 2023-2024

### HEALTH/SAFETY MEASURES

USD 389 believes in a layered approach to protecting students, staff, and the community. This could include masks, physical distancing, appropriate ventilation, hand hygiene, and testing. Our administrative team will consider many resources and recommendations from outside entities.

USD 389 will resume normal school operations and monitor recommendations from the county, state, and federal protocols.

#### Hygiene

USD 389 will encourage effective handwashing and hygiene practices, good respiratory etiquette, and proper cleaning and disinfecting practices.

#### Masks

Masks are optional in our buildings and all USD 389 property.

#### Vaccinations

COVID vaccinations are not required for students or staff members.

#### Symptomatic Individuals

Individuals with COVID-like symptoms should stay home and inform the school.

#### Testing

We will provide COVID testing for students and staff if requested.

Board Approved August 14, 2023
